

Logan East Rural Water System Assistant

The employee will work under general supervision of the Rural Water System Manager involving a variety of tasks with the overall operation of the Rural Water System (RWS). The Logan East RWS is located near Oakland, NE and supplies water to over 1200 rural customers and three small communities. The employee will work competently and safely to operate vehicles, industry tools and equipment. The position will work mainly outdoors navigating rough terrain in all type of weather conditions. The employee may have the opportunity for advancement within the organization.

Requirements:

- Must have a valid driver's license.
- Ability to follow directions, both verbal and written.
- Ability to learn computer programs
- May be asked to assist in emergency situations.
- Must possess applicable Nebraska Water Operator Certificates or the ability to obtain within six months of employment.
- Must be able to lift and carry 75 pounds or more.
- Must be 18 years of age or older.
- Must live in Oakland or the immediate area.
